PERSONAL PROJECTS

Project Title: *Online Blood Donation Management System* [[VIEW LIVE](#)]

This is a blood donation management system MERN application where users can register to see list of available donors. Also, they can filter list according to their blood group.

Project Title: *GIF search app using Firebase.* [[VIEW LIVE](#)]

Built a next.js application for searching gifs. It also includes signup and login functionality using Firebase.

Project Title: *LaZee News* [[VIEW LIVE](#)]

Built a news application using third party API. Used react.js for UI design. This application also allows users to search for any specify news by using the search bar.
